

Labs, Samples, Results and Reporting

NJ Water Association Pre-Conference, Golden Nugget, Atlantic City

Please see fee information below.

October 16, 2018, Afternoon Session.

Sign-in begins at 12:15 p.m. Seminar begins promptly at 12:30 p.m., and ends at 3:45 p.m.

3.0 Training Contact Hours for NJ Water and Wastewater licensees: TCH# 04-071802-30

Certified Public Works Manager Accreditation: DLGS-NJWA-150. (1.0 Gov., 2.0 Tech.)

Description:

This course will help participants to properly and economically sample and test their water and wastewater. Course instruction will enhance the participants' ability to monitor their water and wastewater water for process control, quality assurance and regulatory compliance purposes. Sample analytical reports will be reviewed to enhance understanding of the meaning of laboratory results.

Course Agenda:

Samples and Sampling:

- NJ sampling schedules, Sampling locations and techniques
- Sample storage and transportation

Analytical Laboratories:

- Performing some tests of your own
- What is a NJ State Certified Lab?
- Choosing a lab: costs and services

BREAK (15 MINUTES)

Results:

- How long should it take to receive lab results?
- Understanding results: limits, math and your report
- Failing or problematic sample results: What to do, when and how to re-sample?

Reporting:

- The Who, What, When and How of reporting to the State of NJ
- Informing your customers: Consumer Confidence Reports

Record Keeping: What to keep and how long?

Paperwork and Dismissal at 3:45

Instructor:

Sharon Ercoliani, Laboratory Manager, Garden State Laboratories. Garden State Laboratories, Inc. is a certified independent water, food and environmental testing laboratory. We analyze drinking water, wastewater, sludges, biosolids, soils, solid wastes, hazardous wastes, monitoring wells, food and dairy products for chemical, bacteriological and other microbiological contaminants.
