

About New Jersey Water Association

NJWA is a 501(c)(6) nonprofit association of drinking water and wastewater utilities in New Jersey whose mission is to provide on-site technical assistance, training, and a strong representative voice for the benefit of New Jersey's public drinking water and wastewater utilities. In addition to offering more than 50 training classes statewide annually, NJWA hosts one technical multi-day training conference to provide utility operators and managers with professional education and networking opportunities. Many of the services provided by NJWA are offered at no charge to the community funded by federal and state grants or contracts.

Requirements:

- Any work experience related to drinking water and/or wastewater systems, or relevant science/technical education.
- A clean driver's license and a reliable vehicle.
- A personal presence that is characterized by a sense of honesty, integrity, and caring, with the ability to inspire and motivate others to promote the mission, vision, and goals of the NJWA.
- Enthusiasm, a positive attitude, and the flexibility to adjust to changing priorities.
- Computer/technical competency sufficient to produce and manage documents, maintain logs of your time on our software and research answers to technical, regulatory, and financial questions.

We Offer:

- A competitive salary
- Excellent health and dental insurance
- A generous 401(k) retirement plan
- Vacation, personal and sick leave, and
- A great opportunity to meet people, be part of a team, and pursue your interests within our profession.
- All travel is on company time and is reimbursed. Travel is limited to New Jersey, with the exception of two out-of-state conferences per year.

Consider joining our team.
