

# OSHA 10- General Industry

## Presented by the New Jersey Water Association

### Course Description

To maintain a healthy and safe work environment, OSHA recommends employees in various industries participate in workplace safety training. OSHA 10 General Industry is designed to familiarize workers with OSHA Standards as well as safety and health hazards common to the workplace. This training is designed to be interactive with a goal to educate workers on identifying, avoiding, controlling, and preventing job site hazards.

**Topics to be covered:** Introduction to OSHA; Electrical Hazards; Walking and Working Surfaces (Slips, Trips and Fall Hazard Protection); Personal Protective Equipment; Confined Space Awareness; Hazardous Chemical Safety Awareness; Blood Borne Pathogens; Exit Routes, Emergency Action Plans, Fire Prevention Plans and Fire Protection; Materials Handling, Storage & Use; Lock Out/Tag Out; Machine Guarding; and Fixed and Portable Ladder Safety.

**The material covered is presented over two (2) consecutive days: March 11 & March 12, 2025**

**NOTE: MUST attend both days to earn your TCH's, CPWM accreditation, Certificate of Completion and Certification Card for OSHA 10 General Industry**
